*A Message from the President .....*

Dear Members,

To write a letter to you all on the year of our diamond Jubilee is indeed an honour of which I am very proud.

The achievements and improvements to the Club over the years have excelled in every way.

This can only reflect credit on our Committee in each of their respective pursuits.

Also to our steward and his wife, may I say to each one 'Thankyou', and to all members 'Well done'.

Yours sincerely,

Sidney Neale,  
President.

*A letter from the Chairman .....*

Dear Members,

It is with great pleasure that I write this introduction to the booklet which has been specially printed to commemorate the 60th anniversary of our Club.

I am sure that members, old and new, will find many items of interest in it, such as the history of the buildings, some of which date back to the 13th century. The research for this was very kindly carried out by Joyce Elliott, most of the information coming from original deeds, some of which you can see hanging in the Club.

At the same time, I would like to take this opportunity to thank all members for their support during these difficult times, especially the sports section, the darts teams and of course our champion skittle teams. Neither must the sterling efforts of our Social Committee be forgotten.

Times have not always been easy for the Club, and I am sure everyone will join me in commending the Management Committee, most of whom have served for many years, and have given, without stint, their time and effort to make our Club a success.

Finally, I would like to offer a vote of thanks to our Secretary, Neil Sharpe, for the tremendous amount of work he has done, to make both this booklet, and the Jubilee Week possible.

Yours sincerely,

Ralph Bennett  
Chairman.

MESSAGE FROM THE SECRETARY OF THE ASSOCIATION  
OF CONSERVATIVE CLUBS TO THE MEMBERS OF THE  
QUORNDON CONSERVATIVE CLUB ON THE OCCASION  
OF THEIR CLUB'S DIAMOND JUBILEE.

I greatly welcome the opportunity on behalf of this Association and myself to congratulate the members of the Club on the occasion of the Diamond Jubilee.

The Quorn Conservative Club as such, has a long and distinguished history. It stands on very sure foundations, both literally and spiritually, since the foundations of the present building, which the Club has occupied since 1920, are believed to date from the 14th Century and the building itself, as the Deeds reveal, since 1707.

Like so many of our Clubs, keen and dedicated Conservatives formed the Club for the purpose of meeting and with a view to developing their political and social contacts as early as 1912 when, in fact, they became members of this Association on 19th March in that year.

In due course the members found the need for a home of their own and today those of you who have the distinction of being members of the Quorn Conservative Club enjoy occupation of premises which you have occupied since 1920.

However, you the members will not wish me to tell you about yourselves but, as I understand it, would like to know a little more about the wider family of the Conservative Club movement of which you are, and have been for so long, a valued member. The Association of Conservative Clubs, in an unformed way, germinated in the brilliant minds of Benjamin Disraeli and John Gorst, the then Chief Agent of the Party, in the 1850's. It was they, bearing in mind the principle preached by Disraeli, which was to unite the different classes in the community into what he called the one nation, which led to various political developments of which one was our Club movement. Thus it was, that we had at one end, if you like, of political influence, such places as the Carlton Club, the Constitutional Club, St. Stevens and some of the great county Clubs and at the other, throughout the country, the Working Men's Clubs. They all had one thing in common, they discussed political and social questions which really are indistinguishable, since the first is much concerned with the second.

All of the good work that was being done needed co-ordination and a sense of unity between various parts of the country and the individuals in various Clubs. Thus the loose association which had been growing in strength and firmly coalescing found its mutual home in the foundation of the Association of Conservative Clubs in 1894. The original governing body consisted of twelve representatives of the West End London Clubs. They were therefore the founders of our movement, but those which have sustained it have been found primarily up and down the country in places like Quorn. The principal object of the Association then, and it remains so, was defined simply as: "to promote amongst Conservative and Constitutional Clubs co-operation for political purposes."

The Association prospered and was a considerable influence in the Conservative Party, the Clubs were rallying points, as so many of them are now, and all ought to be, for political activities.

The two great wars weakened some of the influence effected by the movement and by 1948 re-organization and modernisation was undertaken to enable the Association to fulfill those original purposes.

It was in 1933 that the composition of the governing body was widened to include representatives of all the areas and today I think it fair to say we have in our 1400 plus Clubs possibly three-quarters to a million members.

One of the fascinating trends, post the 1939 – 1945 was has been the interest taken in Clubs by those hard-working members of the Party, the ladies. Responding to the trend, Clubs have spent vast sums of money on modernisation and improvements to accommodate in a fitting manner the advent of the ladies into membership.

Throughout this time the Association itself has recognised that a Conservative Club is or should be a comfortable meeting place for Conservatives. It is a Centre for social and political activities and, not least, a source of support in cash and in physical effort for the local Conservative Organisation. Most Clubs are run by the members voluntarily as Officers and Members of the Committee and many of the Club members help in specific and general ways. They are run on strictly business lines, indeed they must be if they are to be profitable and be able to make suitable reserves for future developments and one would hope to assist with the formation of other Conservative Clubs.

The Association as such is managed by the Council of the Association whose members are appointed from the Area Committees. They, in turn, delegate the day to day management of the Executive Committee whose remit is carried out by the professional officers and staff here at Headquarters. It is this chain of command and the response to it by the staff which enable us to serve our Clubs in many ways.

We advise Clubs on how to get started, we continually seek to help them keep on the right side of the law, how to overcome management problems and how to develop their finances. In particular we do a considerable amount of work in respect of the Rules of Clubs, advising and assisting in every way possible and principally by the use of our model Rules. These models are, we like to think the distillation of experience gained from our contact with hard working Club Committees. They are, in short, useful guides for those settling their own Club Rules which form the all important contract entered into between the members of a particular Club. We also advise on the formation of fund raising, political Committees, Federations and other local Club Committees, realising how important it is for our Clubs to exchange views with each other and for us to do so on a wider front.

We keep in close contact with government departments concerned with legislation affecting or likely to affect the life of the Club movement, and we have had a measure of success over the years in this particular work.

The Association provides supplies specially geared to the needs of member Clubs, such as account books and other Club books necessary to good management. We administer the inter affiliation ticket scheme, whereby our members throughout the country can enjoy the facilities of almost all the other member Clubs within the Membership of the Association.

We administer the Club Development Fund which lends money to establish and to develop Club premises. Our Chairman continually appeals for support for this fund since we should like to be much more helpful than perhaps has been the case in the past.

Other means of communication between the Association and its member Clubs is the Conservative Clubs' magazine which has recently undergone a transformation, resulting in a new look and a new approach which we think the members should like and find valuable to them. It is our hope that from the first edition coming out in October and thereafter far more general Club members will have an opportunity to read this publication. It will continue to include Club news, but it is hoped of a much more up-to-date interest. It will also continue to include the articles on Club law and Management as the law in practice evolves in the modern age. We produce the ACC diary, the particular value of which is that it includes an updated guide to legislation affecting Clubs.

Daily we answer the queries put to us by Conservative Secretaries on behalf of their Committees and their members and by telephone and correspondence seek to help to solve their problems.

It is our contention that no Constituency is politically, socially or financially complete without a Conservative Club, as I am sure the members of your Club would firmly agree.

I hope the celebration of your Diamond Jubilee will be of great success and another marker in your long march to future successes.

L. G. Waterman  
Secretary  
The Association of  
Conservative Clubs.

FROM MICHAEL LATHAM M.P.

HOUSE OF COMMONS  
LONDON SW1A 0AA

I send my very best wishes to all my many friends in Quorn Conservative Club for their Diamond Jubilee celebrations. This is an important and significant milestone and one of which you may all be justifiably proud. In my 7½ years as your M.P., I have seen the tremendously hard work which has been undertaken by your Officers and Committee, supported by your Members, to improve the facilities of the Club through modernisation and new extensions. I know that the Club is greatly appreciated in your Village and plays an important part in the life of the community.

I send you all good wishes for your forthcoming celebrations, and let us look forward to the Centenary in due course !

*The Michael Latham Room*

**WHITBREAD**

—BREWERS OF FINE BEERS SINCE 1742—

Congratulations to  
Quorn Conservative Club  
On their Diamond Jubilee

1921-1981

Whitbread (East Pennines) Ltd  
Bishop Meadow Road  
Loughborough

## About the Celebrations

Sixty years as a Club is certainly a milestone. From a very small beginning, we have developed into a Club which, although boasting 450 members and 60 Life and Honorary members, remains so very much a personal and friendly place.

It was decided some eight months ago, to provide a week of activities to mark the event, and since then there has been a great deal of work "Behind the Scenes", to make it all possible.

The activities are quite diverse, and we hope that all of you will find something, be it the Darts Competition, the Film Show, or the special night put on by Whitbreads, in which you can participate. We have specially commissioned a very limited quantity of Commemorative mugs, and the children invited to the party will be presented with one. The rest will be on sale during the week, at the reasonable charge of £1.00.

Don't forget that there is a lucky Prize Draw number on this booklet which could win you £10, and also the word search competition which again carries a £10 prize. The lucky winners will be presented with their prizes on Sunday evening.

Finally, a word of thanks to our Advertisers, whose support has made the production of this booklet possible.

*The decision makers*

## Club DARTS Competition

In addition to the League Darts Competition, there will be a similar one run for individual club members, starting on the Monday, and finishing on the Saturday of the Jubilee week.

The bottom dart board will be manned from 9.00 pm until 10.00 pm every evening for members wishing to try their luck.

The entry fee will be 10p per attempt, and there will be cash prizes and trophies for the first three places.

(There will be darts available for members without their own)

GOOD LUCK!

## *For those looking for a bargain ...*

Each night of the celebration week, from 7.00 pm until 8.00 pm, all draught and bottled beers will carry a discount of 5p per pint, and all wines, and spirits will carry a discount of 5p per measure.

GET IN EARLY FOR YOUR CHEAP DRINKS!!

The Chairman,  
Quorn Conservative Club,  
Quorn,  
Loughborough.

14 Barsby Drive,  
Loughborough.  
17th August, 1981.

### 60th Anniversary Souvenir Booklet

With the dissolution of the old R.D.C. and the formation of the Charnwood District Council in 1973, it quickly became obvious from the performance of a well organised opposition that political discussions would need to be taken with regard to a number of functions of local government. A Party meeting each month prior to Council was essential so that the Conservative Party councillors could meet, discuss and decide future policy.

Quorn is near the population centre of gravity of Charnwood and so became a natural choice of venue. To our great delight the officers of your Club welcomed us and provided us with all the facilities we required. We have seen the Club grow and improve over the past eight years and have come to regard it as a friendly, homely, unofficial H.Q.

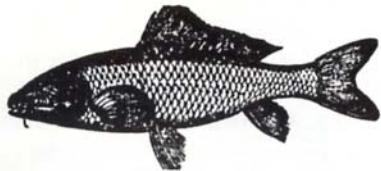

We can assure you all that making facilities available to us is a real contribution to the effectiveness of the Party as a whole and is greatly appreciated.

We offer you hearty congratulations on your anniversary and hope the Club many continue to prosper and grow in popularity.

Yours sincerely,

Mayor. F. J. McKEOWN

Chairman. R. F. WESTON

## Quorn Angling Society

*Match Secretary and Treasurer:*

W. Boyd 28 Beaumont Road, Barrow-on-Soar, Loughborough, Leics.

The club control 4 sections of the River Soar around Barrow and Quorn.  
We have a fine collection of trophies which includes 16 cups and 2 shields, these are fished for on home waters plus 5 outings to Rivers Trent, Nene etc.

We have a thriving junior section of about 130, for whom we organize two junior contests, also started last year we sponsor several teams in the Soar Junior Championship.

On the open match side we run 3 matches of which one is for charity. Last year we organized with Loughborough Soar A.S. a 500 peg charity contest for "Guide Dogs for the Blind Association". This year it is for the Peter Le Marchant Trust for local disabled people.

Another first this year we have helped organize an Angling Times Soar Valley Winter League. Membership fees are as follows:— Adults £3.00. Juniors £1.00.

Available from myself at the above address or local tackle shops.

On behalf of all members of Quorn Angling Society I would like to congratulate Quorn Conservative Club on their diamond jubilee and to thank them for allowing us to use this very pleasant club as our headquarters for the last eight years.

W. BOYD.

### SKITTLES

The year 1980–81 Season crowned a three year spell of success for the A. team, because it was the year that finally after two near misses they were promoted to join the ageing warriors of the "B" team in the first Division of the Syston Skittle League.

The season 1978–79 saw the "A" team winning the Porter Cup and third place in Division II. In 1979–80 they won the knockout Cup and again were third in Division II and Runners Up in the Porter Cup. In 1980–81 they were League Champions and again Porter Cup winners.

The "B" team meanwhile had achieved the distinction of being according to their Coach, Mr. W. Calloway, the gamest losers! and after a very bad start to the season made a late recovery to keep their position in Division I.

Next season, two matches will see intense rivalry in the Alley!

Efforts on the part of Messrs. Calloway and Ball to poach players have been firmly resisted by Breward and Sharpe. Now rumour has it that when the two teams meet Calloway and Ball have arranged to be in Majorca!

1981–82 Season should be a success for both teams as Mr. Breward insists his team practise while he sits in the Bar and Mr. Calloway has hidden all packs of cards in the Club.

H. L. SHARPE.

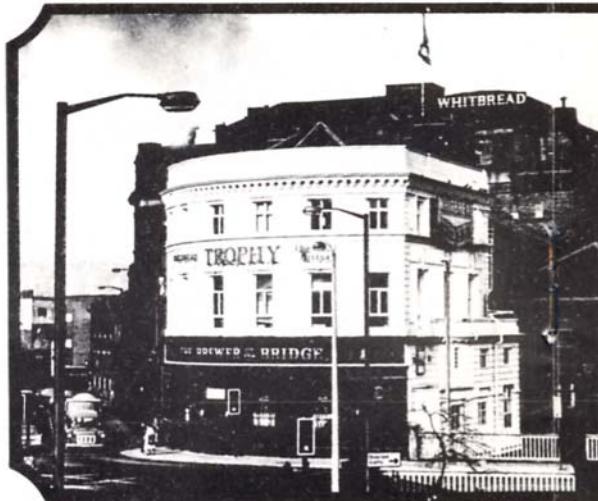

### DARTS

The season 1980–81 although not the best in the Clubs history at Darts did see the "C" Team runner up in Division II and get promotion. The "B" team held on to their position in Division I and the Club "D" had in J. Watts a player who was "player of the month" on one occasion and runner up in the "Tons Tankard" final. He was also in the merit table which includes players in the Dart League who achieve most points for Starts, Finishes, most 100's and 180's. He finished the season in Top position, and in a League which has many skilled players proved him a consistently excellent player.

H. L. SHARPE.

## Trophy Bitter

*Sheffield Breweries*

Whitbread U.K. are divided into nine regional operating companies of which East Pennines operating company.

Whitbreads have operated from Loughborough for 21 years distributing a large number of free trade accounts in the area.

For the last 21 years we have had the pleasure of supplying Quorn Conservative Club with Heineken Lager, Best Mild and a selection of bottled beers and wines and spirit by the committee, has grown to the splendid organisation it is today.

Whitbreads Loughborough would like to congratulate Quorn Conservative Club on their happy and prosperous years of mutual achievement.

The free trade department of Loughborough, lead by Regional Sales Manager Salesman Denis Moran would like to add a special congratulation and look forward to the happy years they have shared with Quorn Conservative Club.

*Loughborough*

*very*

in Loughborough trading regions is the southernmost area of Whitbread

## History of the building which houses QUORN CONSERVATIVE CLUB

Extracted from the original deeds by Joyce Elliott.

### NO. 40 STATION ROAD

The first record held of the building is when it was sold on 1st November 1765. The building was owned by John Cook and his wife Mary. (The original indenture is framed and hanging in the club.)

John Cook mortgaged the building at various times and also leased it, eventually selling the property to Thomas Bradshaw (Frame Work Knitter) on 18th October 1787. The building was originally a dwelling house with a barn at the back and Mr. Bradshaw converted the barn into a hosiery factory.

In his will dated 16th May, 1788 Thomas Bradshaw left the property to his daughter Mary and her heirs. Mary married William Whitehead and she sold the property to Charles Briggs on 2nd November 1837 for £213. Charles Briggs sold to John Coates 12th May 1875 for £212.10s.

John Coates sold the property — now a bakehouse — to William Webster on 29th September 1877 for £218. William Webster, who was a baker, demolished the building and built a coffee house in its place. He died on 3rd September 1884 and in his will he left the coffee house to his wife Charlotte for her life and after her death to his executors on trust to sell the property and divide the proceeds between his two sons John and Thomas. Charlotte died 5th July 1895 but on 28th May 1886 H John Webster sold his share to Thomas for £300. The property called "The Havelock Coffee House" consisted of a club room, cart shed, yard and garden and stretched from Barrow Street (now Station Road) back to Nursery Lane. Thomas Webster sold on 19th July 1910 to Edward Handley Warner, John Davys Cradock and George White for £300 for use as a club.

On 30th December, 1919 Warner, Cradock and White sold the property to David Smith Hack, Henry Judd and William Hollingsworth and on 1st January 1920 they became trustees on behalf of the members of the club to be known as QUORN CONSERVATIVE ASSOCIATION. The Club was in existence as early as 1912, when it became a member of the Association of Conservative Clubs. Up to 1920, however it had no permanent premises. (The first registration certificate was issued some time in 1921). William Hollingsworth died 8th August 1930 and David Hack died 20th February 1946. Archibald Frank Tailby and Edward Cecil Russ became trustees on 1st April 1949. On March 27th 1953 Percy Selvester replaced Mr. Tailby. Henry Judd died 7th November 1953 and William Alfred Turland became a trustee in his place on 7th February 1957. Peter Richard Brookman became a trustee on March 7th 1957 in place of Percy Selvester.

Edward Russ died 9th September 1966.

William Alfred Turland died 3rd April 1971.

Rex Bloore and Sidney James Waterfield became trustees on 29th February 1972.

Marius Wright was appointed a trustee in 1973, to replace Sidney James Waterfield. Dennis Sutton was appointed in 1980 on the resignation of Rex Bloore. Marius Wright died in 1980 and was replaced by John Maltby.

The present trustees consist of Peter Richard Brookman, Dennis Sutton and John Maltby.

### NO. 42 STATION ROAD

This property was owned by Percy William Meadow Wright of One Ash, Woodthorpe. It consisted of a shop, living quarters and outbuildings. At the time he owned three buildings known as 32, 34 and 36 Station Road but these were re-numbered 42, 44 and 46 on November 3rd 1965.

Mr. Wright died 25th May 1920 and in his will he left the property to his wife Agnes, she died 22nd February 1929.

Mrs. Annie Sharpe bought number 32 on 11th March 1929 and she lived there until she died 28th February 1960. Her son Ian David Sharpe sold the house and shop to Leslie and Phyllis White on 31st October, 1960, who traded as butchers.

Quorn Conservative Club bought the property from Leslie and Phyllis White on 31st January, 1972.

Work was then started on enlarging the club and the various small rooms were opened up into one large 'L' shaped room.

In 1979 three rooms on the top floor of 40 and 42 Station Road were made into two meeting rooms and in 1980 extensions at the back of the club were started, these consisted of a bottle store, kitchen and large committee room. These were officially opened by Michael Latham, M.P. on 19th December 1980.

## WORD SEARCH

Hidden in the above grid is the list of items below that you might find behind a bar of a club. Words run vertically, horizontally and diagonally in all directions. Cross out all the words in the grid, and the unused letters will spell out a phrase, taken from the top to the bottom of the grid reading normally.

One word has been found to give you a start.

Write down this answer and place it in the ballot box.

First correct entry drawn on Sunday 11th October wins £10.
